General Education Requirements ~ 42 Credit Hours

All majors must complete the General Education Program, which consists of 42 credits distributed among eight categories. All students are responsible for meeting prerequisites for the necessary courses listed in the General Education Program.

No General Education courses may be used as credit for 300/400 level Program Electives, even if they carry a 300/400 level number. Students cannot count General Education courses that they take over and above the General Education requirements toward 300/400 Program Elective credits. They can be used as electives only.

****NOTE: Cultural Anthropology, Human Evolution, Human Diversity and Intro to Archaeology count for both the major and Gen. Ed. credits.**
