National Pollinator Week Kick-Off

Did you know that about 75% of all flowering plant species need the help of animals to move their heavy pollen grains from plant to plant for fertilization?

Most of these pollinators are insects. Help us celebrate National Pollinator Week with a walk/talk

focused on pollinating insects.

For more information, contact Dr. Randy Mitchell at 330-972-5122 or rjm2@uakron.edu.
