

Melissa Kline

Treasurer

Melissa is the Treasurer for Collegiate Nurses Club for 2009-2010. She is a Junior and will graduate in 2011. She can be reached at mmk26@uakron.edu. In her spare time, Melissa likes to scrapbook, rollerblade, ski, snowboard, and hangout with friends, family, and her cat. Melissa also baby-sits to make extra money during the school year.

In the future, Melissa would like to start on her Master's degree shortly after graduation with her BSN. She is not sure where her nursing career will take her, but she knows that having a degree in nursing will provide her with numerous options.

Melissa is excited for CNC this year and has lots of ideas to better the organization.

Melissa's advice for other nursing students is:
"Always study ahead of time and plan ahead. Waiting until the last minute to do anything in nursing school does not work out well. I also think it is important for us to stick together as nursing students and as a class. I think our experiences in nursing school will provide us with life-long friendships."
