

Karrie Blewitt

President

Karrie is the President of the Collegiate Nurses Club for 2009-2010. She is a Senior in the class of 2010, and can be reached at kak59@uakron.edu. In her spare time, Karrie loves to watch her son play football and baseball. Her husband is a coach, so the whole family can get involved in the activity. Karrie also coaches high school volleyball and scrapbooks for fun. She favorite vacation spot is the beach where she can relax. Karrie currently works in the Emergency Room and states that she “loves trauma.”

Karrie is a member of NSNA, OSNA, and MSNA. She also is an assistant Sunday School teacher at her church. Aside from coaching volleyball, she also keeps scores at her son’s baseball games.

In the future, Karrie wants to work in ER or Trauma. She wants to travel with an agency to get different experiences from all over. Karrie states that she would love to obtain her CCRN and possibly a Master’s degree. But first, she wants to work for several years. She is excited to see what it’s like to become an RN and just work without going to school simultaneously. She states that having the time to be with her family and do extra activities will be a blessing after she graduates.

Karrie is excited for the upcoming year for CNC!

Karrie’s advice for other nursing students is:

“Get organized and get involved. Buy a calendar and write ALL assignments and meetings and opportunities. Make it a goal to participate in at least ONE volunteer activity during your nursing school career. It will build your resume and may encourage you to continue giving your time to benefit others.”
